

Lostine Public Safety Project

CONTACT LOG

Name(s):Kris Stein and Clint Foster meet with Eva Oveson and Joe Peden at the Wallowa Mountains Office.

Date:09/01/2016

Summary of comments:

Reviewed the current status of the proposed actions and asked them if there were any suggestions, concerns or questions. Both Joe and Eva were very supportive of the proposed actions, and emphasized that they would like to see the project implemented as soon as possible due to their concerns about risk of impacts from a potential fire event. They also wanted to be clear that they did not have the concerns that another landowner had expressed in a recent email.
